Great way to explore Korcula

Sep 2020 • Friends

Following an unexpected stay on Korcula I found this trip. I'm so glad we did- it was amazing. Our hosts were fantastic and made sure we were all safe. The trip consists of road and off road tour of parts of Korcula. We stopped in a vineyard and had the most amazing refreshments of lemon and mint water, then heads to the beach. Our tour was the afternoon so we raced across the terrain to catch the sunset. Just when we thought it wouldn't get any better we ended the day with a feast of local cheese, wine, oil and breads in our hosts home. What a brilliant experience and I cannot say how good this tour really is.

Korcula adventure like a local

Aug 2023 • Couples

This tour is a highlight of my time in Korcula, and Croatia overall. It was the perfect mix of adventure, food and nature. We started with a drive in our buggies to a beautiful vineyard overlooking the ocean, followed by a stop at the beach for a swim and a meal, then a drive back for a delicious feast at the home of Branko and Ana where we grazed on local produce, and Ana's delicious homemade treats. This tour allows you to experience the beauty of Korcula while also feeling like a local. Branko is also just a barrel of laughs, and wouldn't even accept our tip because he just loves what he does. Hvala, Branko and Ana! Ciao, a presto 😊

Absolutely must do

This is a must do when visiting Korcula. You are able to see the whole island this way. The buggies are so fun and easy to drive. Branko is a great tour guide and a funny guy. We went to a sandy beach on the other side of the island and took a swim. We drove though the area where they grow the grapes. We didn't get to go to the vineyard as they were picking grapes so if that's important to you maybe check before hand. After the tour you go back to Branko's house where there is an amazing spread of wine and liquor he makes himself. He's also a great photographer and makes sure everyone has a photo op in the most picturesque places. 100% must do on the island.

Great fun and enjoyment. A must do on Korcula

Sep 2023 • Couples

A must do adventure if staying near Korcula or Lumbarda. Branko and Ana are sensational hosts. We were two couples and had two buggies which were real fun and easy to drive (even for over 60's!) and the amazing food and drinks at the end, all made by Ana and Branko, were exceptional and all local foods. Thank you for an exceptional day!
